### EMPLOYEE SAFETY SUGGESTIONS

As much as it is **Multiscape Inc.** responsibility to provide a safe work environment for everyone, each employee plays a critical role in the success of the safety program. We ask employees to accept this important responsibility and commit to work in the safest manner possible to ensure their own individual health and wellness for the future. We encourage all employees to communicate freely about safety concerns and offer suggestions to improve safety conditions without the fear of reprisal.

Employee rights are protected under the [OSHA Act](#) and the law's [antiretaliation protections](#).

Please use this form for any safety or health related suggestions you may have.
